

Compact Gotek core – circuit derived from CDO’s Issue 1.1 design (theoddys.com)
Gotek-compatible floppy emulator for the BBC Master internal 34-way floppy header.
Programming: fit BOOT0 link LK1, connect 3V3 FTDI to PL2, use STM32CubeProgrammer; firmware: FlashFloppy.
NOTE: Do not use with an external floppy drive connected at the same time (no open-collector drivers).
